

Features & Applications

MR Basic™ is an economical LED based MR-16 lamp that can retrofit into standard MR-16 fixtures, sockets and transformers. Fitted with a 3W Cree High Power LED and a new heat finned lamp head, MR Basic provides respectable intensity at an affordable price. It has an improved driving circuitry that allows the use of electronic transformer, magnetic coil transformer and DC power supply. It is suitable for interior, retail and exhibit applications, especially where heat and maintenance have to be kept to the minimum. .

Dimensions
